Employee Worksheet to Calculate Personal Use of Company Car

The IRS requires written records be maintained by employers to document the business and personal use of employer provided vehicles. The worksheet below will provide us with the information needed to calculate the value of the personal use portion of your automobile.

Since company policy is for employees to maintain detailed records of vehicle usage please complete the information below and return to our office promptly so we can calculate the value of the personal use of a company provided vehicle to add into employee compensation.
